

Talon®

Double-Hung Windows & Talon RetroFit

Frame & Sash

1 Select wood components are kiln dried, and treated with water/insect repellent and preservative. Interior wood surfaces are available in complimentary pine or fir, or optional wood species including cherry, hickory, African mahogany, maple, oak, walnut or alder. Interior surfaces are available unfinished or factory primed. Optional factory applied finishes are available in a variety of stains and basecoats.

2 Wood components are fitted with aluminum extrusions on the exterior. 50 colors conforming to AAMA 2604 are available, as well as custom colors. Also available is a selection of seven exterior anodized options.

Glazing

3 High-Performance™ Low-E4® glass with a low-conductance spacer. Tinted, clear IG, high-altitude glass and other special glazing options are available.

4 Glass is fixed in place from the interior with wood stops that can be removed for easy reglazing if necessary.

Weather Strip

5 Compression bulb weather strip is applied on the bottom sash, head jamb, at the check rail and on side jambs for a maximum weather seal.

Hardware

6 Talon sash lock/tilt mechanisms and keepers give a slim, more traditional design and allow opening and tilting of the window in one operation. Tilting the sash from the inside for cleaning is effortless.

Surface mount sash lifts are available and allow for easy operation.

Hardware is available in finishes of bronze, polished brass, gold, white, black, antique brass, pewter, oil-rubbed bronze, satin chrome and bright chrome.

Options & Accessories

Jamb Liner & Balance System

7 Talon double-hung jamb liners incorporate synthetic interior and exterior inserts or optional painted aluminum exterior or wood-veneered interior inserts.

Jamb liners encase balance assemblies that allow each sash to be tilted 90° inward from a bottom pivot and stay securely in place for washing.

Talon RetroFit

Talon RetroFit double-hung fits into an existing window frame making installation a breeze. The appearance of the interior and exterior of the home are maintained because the existing frame, wall coverings and trim work stay completely intact.

Window Anchorage

Optional folding vinyl nailing fins are pre-applied into a kerf on the frame exterior to facilitate installation. Optional metal installation clips are available.

ACCESSORIES

8 Screens

Charcoal fiberglass screen mesh fits into an aluminum frame in all 50 Eagle Complimentary Colors™ and 7 anodized finishes. Available in half or full screens. Aluminum screen mesh is available as an option.

TruScene® insect screens available in all complimentary colors and 7 anodized finishes.

9 Grille Options

Modern Divided Lights®. Fixed interior and exterior grilles with internal spacers between two panes of glass. Available in 5/8", 7/8", 1 1/8" or 1 1/2" profiles.

Classic Divided Lights. Fixed exterior and interior grilles without an internal spacer. Available in 5/8", 7/8", 1 1/8" or 1 1/2" profiles.

Between-glass grilles. Available in 5/8" flat or 1" aluminum contoured profiles. Two-tone colors of colony white/pebble tan, colony white/sierra bronze or colony white/forest green are available on the 1" profile.

Removable wood grilles. Removable wood grilles are available in a 7/8" profile with optional surround and fixed exterior grilles.

10 Clad double-hung replacement sash kits are available. Kits are complete with window sashes, locking hardware and sash lifts, compression jamb liners and balance systems, sill dam, head parting stop and installation hardware. Each kit is built to your exact measurements.
